Peach Blush-----	1.00	San Francisco----	3.00	Yellowstone-----	2.00

You are cordially invited to visit our gardens and enjoy the above varieties when in bloom. Our peak bloom will probably be in mid-July. In addition to the above, we will have some 6,500 seedlings to bloom on well established clumps this summer, and we feel sure you will enjoy rambling through this test plot with us.

Transportation will be paid on all retail orders, but no orders for less than \$5.00 can be accepted.

Our shipping season begins as soon as the blooming season is past.

Orders will be freshly dug under my own personal supervision and shipped out at once.
